## HARRIMAN'S HEALTH HAS BUOYANT EFFECT

ALL RAILROADS SOAR SKYWARD ON BETTER REPORTS FROM MAGNATE'S BEDSIDE

LARGE SALES UNION PACIFIC

ALL ISSUES HAVE FIRM TONE—GRAINS WEAK AND COPPER UNCHANGED

NEW YORK, August 30.—The clearing up of the atmosphere of gloomy apprehension regarding the condition of Harriman was manifest in financial circles well in advance of the opening of the stock market.

Harriman's stocks were naturally most affected, but the buoyant tone was common to the whole list. Opening gains of 1 to more than 3 points over the closing prices of Saturday were general throughout.

The sales of the first 12,000 shares of Union Pacific were at 200 to 200 1/2. Union Pacific was a dominant influence on the market throughout the day.

Union Pacific touched 202 1/2 and closed only 1/4 below that. The sustained strength of United States Steel completed the reassurance of speculative sentiment.

Convertible and speculative bonds were steady. Total sales \$3,250,000. United States bonds unchanged.

### METAL QUOTATIONS

NEW YORK, August 30.—The market for standard copper was quiet and no sales were reported. Closing prices follow: Spot and August, 12.60 to 12.75; September, 12.70 to 12.85; October, 12.15 to 12.90; November, 12.80 to 12.90; December, 12.85 to 13.05. The London market closed firm at 159, 158, 9d for spot and 160, 12s, 6d for futures. Local dealers quoted lake copper at 13.00 to 13.37 1/2; electrolytic, 12.87 1/2 to 13.12 1/2; casting, 12.75 to 13. Tin was stronger and higher, spot and August closing at 30.70 to 31; September, 30.80 to 31; October, 30.82 1/2 to 31; November, 30.85 to 31; December, 30.87 1/2 to 31.12 1/2. Sales reported were 50 tons of October at 30.85.

Lead was steady and sales reported of 200,000 pounds of September at 4.37 1/2. Spot closed at 4.35 to 4.40 in New York, and 4.20 to 4.35 in East St. Louis. The London market closed at 112, 11s, 3d.

Spelter was quiet at 5.70 to 5.80 in New York and 5.65 to 5.75 in East St. Louis. The London market closed at 102, 10s.

Mexican dollars, 44; silver, 51 1/2c.

### GRAIN MARKET

CHICAGO, August 30.—Wheat was weak all day, owing to the general selling based on bearish news of various descriptions, chief among which were declines in all leading European markets, including Liverpool, where prices were off 1 1/4d to 1 3/4d.

Great selling pressure was on the September delivery, and that option manifested the greatest weakness.

Corn was weak. Declines of 1 to 1 1/2 points in the price of cash grain helped to weaken the options. May delivery displayed relative strength, and closed with a gain of 3/4 to 1/2c, but other options were unchanged to 1/2c lower.

## STOCK QUOTATIONS

BOSTON, August 30.—Higher London market caused apprehension among the shorts, and a large number of contracts were covered during the early part of the session. The market acted remarkably well, holding strong throughout the day, which was a great relief after the spectacular movements of last week. A statement published by Harriman regarding his physical condition, should set at rest for a time the flagrant rumors that have been in circulation. The market is now on a more sane basis and should show gradual improvement. Boston Coppers strong throughout. Arizona Commercial and Boston Corbin were well bought and advanced over a point. Lake Copper was strong with offerings scarce. North Butte is still being well supported.

## GREAT INTEREST SHOWN IN PREMIUM VOTE THIS WEEK

Contestants in Silver Belt's Seeing Southern California Trip Working Hard to Win Ballots—Cancelled Districts May be Reopened

Voting was light in the Silver Belt's popular contest yesterday.

The young ladies are all working hard for the big prize vote of 50,000, which will be awarded in next Sunday's Silver Belt to the contestant securing the greatest number of new subscribers before 9 o'clock next Saturday night.

This special prize does not in any way effect the usual award for subscribers old or new. It is a special extra prize. New subscribers should be reported to the office daily, so that the names may be placed upon the list and the paper started at once. The contestants, however, can withhold their votes until the close of the week if they so desire.

Workers for the different candidates should comply closely with the rules regarding "singles." The vote should

be cut from the newspaper and neatly trimmed. The name of the candidate should be written on the ballot. Do not try to vote the nomination coupon appearing with the voting ballot. A number of workers have been sending this blank to the contest editor by mistake.

Young ladies residing in the third and fourth districts, as outlined in the rules and regulations published elsewhere, should remember that nominations are still open in these districts, and the vote in the other districts will not handicap candidates in the least who wish to run in these two districts and make the Southern California trip. These districts will be reopened if two or more nominations are made and the nominees agree to work.

There is deep interest in the 50,000-vote controversy now on and the result will be watched for by all readers on Sunday morning, as it means much to the winner.
